

“Music & Technology”

Partners In Learning Winter Programming 2024

- 1. Taylor Made Music**, moderated by local musician, **Tom Taylor**. A two-part series, beginning with the role and application of nature to our music system and secondly, the elements of music and how they combine to produce a piece of music. Examples and question sheets included. **Monday, Jan. 22 & Feb. 5, 2024, 10 – 12 noon**
- 2. ChatGPT**, moderator: **Mike Ash**. Why should you care about AI and ChatGPT? We'll try to demystify the world of conversational AI and interact with ChatGPT in real-time to discover how this cutting-edge technology can enhance your daily life. **Monday, Feb. 19, 2024, 10 - 12 noon**
- 3. Navigating Your Library**, moderator: **Nicola Holland**. *Meet at the Grand Bend Library, Gill Rd.*, for a group tutorial on how to navigate all that your local library has to offer. Bring your smart phone and/or tablet. **Monday, Mar. 4, 2024, 10 – 12 noon**
- 4. The Wonders of AI**, moderator: **Peter Jensen**. Continuing to understand AI with its daily applications, fears & concerns and how to strike a balance in the future. Peter will resume the conversation with ChatGPT revealing its common misconceptions. Question period. **Monday, Mar. 18, 2024, 10-12 noon**
